

Williamsburg Police Department

NRO District 2

What is the NRO Program:

The NRO (Neighborhood Resource Officer) Program was designed to give the community a direct point of contact within the City for all questions, concerns, and needs. Almost every officer with the Williamsburg Police Department is assigned to a specific area of the city, where they serve as the liaison between city services and the community.

What can your NRO do for you:

Your NRO can assist you with almost any law-related questions, city-related concerns, or general advice you may have. They also serve as your advocate for needs within your neighborhoods or businesses.

If you have concerns about traffic, signage, etc., you can voice them to your NRO, and they will partner with you to develop the best possible solution. This includes your NRO's ability to coordinate with other city departments to access additional resources

What's included in NRO District 2:

- Chrysler Dealership
- Outback Steakhouse
- Vacant Business (Old Speedway)
- Savannah Green
- Piney Creek

- Gift from Ben
- Faith to Faith Abundant Life

Your Neighborhood Resource Officer:

Officer Zachary Doss is the current Neighborhood Resource Officer for District 2. Officer Doss is in his 14th year serving in the public safety field and has been with the Williamsburg Police Department since 2022. He is currently serving as an Acting Sergeant within the Patrol Division.

Officer Doss has been committed to serving NRO District 2 since joining WPD and has already assisted in resolving a variety of community concerns.
